Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Saturday 16 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clouding over tonight but staying largely dry.

This Evening and Tonight:
Clear spells at first this evening will be replaced by cloudier skies during the early hours. Whilst it will stay dry for most, there could be the odd spot of drizzle over the moors and along the north coast. Minimum temperature 11 deg C (52 deg F).

Sunday:
Cloudy at first with the risk of patchy drizzle near the north coast. Brightening up for the afternoon with some sunny spells, although cloud will linger in the far west. Maximum temperature 17 deg C (63 deg F).

Outlook for Monday to Wednesday:
Changeable conditions will prevail over the next few days with spells of wet and windy weather interspersed by some drier interludes. Generally mild by day and night.
